### **ENLINK MIDSTREAM REPORTS THIRD QUARTER 2014 RESULTS**

**DALLAS**, November 5, 2014 — The EnLink Midstream companies, EnLink Midstream Partners, LP (NYSE:ENLK) (the Partnership) and EnLink Midstream, LLC (NYSE:ENLC) (the General Partner), today reported results for the third quarter of 2014.

#### **Third Quarter 2014 — EnLink Midstream Partners, LP Financial Results**

The Partnership realized adjusted EBITDA of \$111.3 million, distributable cash flow of \$89.1 million and net income of \$44.0 million for the third quarter of 2014. The Partnership's third quarter of 2014 gross operating margin was \$254.2 million and operating income was \$90.1 million. Adjusted EBITDA, distributable cash flow and gross operating margin are explained in greater detail under "Non-GAAP Financial Information", and reconciliations of these measures to their most directly comparable GAAP measures are included in the tables at the end of this news release.

"We experienced another quarter of solid performance," said Barry E. Davis, EnLink Midstream President and Chief Executive Officer. "We completed construction of approximately \$1 billion of organic growth projects, including the Cajun-Sibon expansion project in South Louisiana and a portion of the Bearkat expansion project in West Texas. In just the last 90 days, we've also announced projects that represent the next \$1 billion in new capital touching on each of our four growth avenues. These new announcements include a drop down acquisition, an expansion project serving Devon Energy in the Permian basin, organic growth projects in South Louisiana and the Utica shale, and the acquisition of natural gas assets in the Louisiana Gulf Coast. We raised distributions for unitholders of both ENLK and ENLC, and we continue to execute on our goal to double the size of EnLink by 2017 and create significant value for our unitholders and customers."

1

The Partnership's operating and reporting segments are based principally upon geographic regions served and consist of the following: the Texas segment, which includes natural gas gathering, processing, transmission and fractionation operations located in north Texas and west Texas; the Louisiana segment, which includes pipelines, processing plants and NGL assets located in Louisiana; the Oklahoma segment, which includes natural gas gathering and processing operations located in Oklahoma; and the ORV segment, which includes rail, truck, pipeline and barge facilities to deliver crude and condensate and brine disposal wells in the Ohio River Valley.

Each business segment's contribution to the Partnership's third quarter 2014 gross operating margin is below:

- The Texas segment contributed \$149.4 million of gross operating margin.
- The Louisiana segment contributed \$43.9 million of gross operating margin.
- The Oklahoma segment contributed \$45.9 million of gross operating margin.
- The ORV segment contributed \$14.0 million of gross operating margin.

The Partnership's third quarter 2014 operating expenses were \$75.8 million; general and administrative expenses were \$22.8 million; depreciation and amortization expense was \$71.6 million; gain on litigation settlement was \$6.1 million; interest expense was \$12.7 million; and income from equity investment was \$5.6 million.

Net income per limited partner common unit for the third quarter of 2014 was \$0.18.

#### **Third Quarter 2014 — EnLink Midstream, LLC Financial Results**

The General Partner reported net income of \$28.8 million. The General Partner's cash available for distribution was \$62.2 million, which resulted in a 1.65x coverage ratio on the declared distribution of \$0.23 per General Partner unit for the quarter. Cash available for distribution is explained in greater detail under "Non-GAAP Financial Information", and a reconciliation of this measure to its most directly comparable GAAP measure is included in the tables at the end of this news release.

#### **EnLink Midstream to Hold Earnings Conference Call on November 5, 2014**

EnLink Midstream, LLC (NYSE: ENLC) (the General Partner) and EnLink Midstream Partners, LP (NYSE: ENLK) (the Partnership) will hold a conference call to discuss third quarter 2014 financial results and newly announced growth initiatives on Wednesday, November 5, 2014, at 9:00 a.m. Central time (10:00 a.m. Eastern time). There will also be an accompanying presentation for the call that can be viewed on the Investors page of EnLink Midstream's website at <http://enlk.enlink.com/investor/>.

2

The dial-in number for the call is 1-877-201-0168. Callers outside the United States should dial 1-647-788-4901. The conference identification passcode is 15588541 for all callers. Participants are advised to dial in to the call at least 10 minutes prior to the call time.

Interested parties also can access the live webcast and archived replay of the call on the Investors page of EnLink Midstream's website at [www.EnLink.com](http://www.EnLink.com).

## About the EnLink Midstream Companies

EnLink Midstream is a leading midstream provider formed through the combination of Crosstex Energy and substantially all of the U.S. midstream assets of Devon Energy. EnLink Midstream is publicly traded through two entities: EnLink Midstream, LLC (NYSE: ENLC), the publicly traded general partner entity, and EnLink Midstream Partners, LP (NYSE: ENLK), the master limited partnership.

EnLink Midstream's assets are located in many of North America's premier oil and gas regions, including the Barnett Shale, Permian Basin, Cana-Woodford Shale, Arkoma-Woodford Shale, Eagle Ford Shale, Haynesville Shale, Gulf Coast region, Utica Shale and Marcellus Shale. Based in Dallas, Texas, EnLink Midstream's assets include approximately 8,800 miles of gathering and transportation pipelines, 13 processing plants with 3.4 billion cubic feet per day of net processing capacity, seven fractionators with 252,000 barrels per day of net fractionation capacity, as well as barge and rail terminals, product storage facilities, brine disposal wells, an extensive crude oil trucking fleet and equity investments in certain private midstream companies.

Additional information about the EnLink companies can be found at [www.EnLink.com](http://www.EnLink.com).

## Non-GAAP Financial Information

This press release contains non-generally accepted accounting principle financial measures that we refer to as adjusted EBITDA, distributable cash flow, gross operating margin and cash available for distribution. We define adjusted EBITDA as net income plus interest expense, provision for income taxes, depreciation and amortization expense, stock-based compensation, (gain) loss on noncash derivatives, transaction costs, distribution of equity investment and non-controlling interest; and less income on equity investment. Distributable cash flow is defined as earnings before certain noncash charges and the gain on the sale of assets less maintenance capital expenditures. Gross operating margin is defined as revenue minus the cost of purchased gas, NGL, condensate and crude oil. We define cash available for distribution for the General Partner as distributions due to the General Partner from the Partnership and from the General Partner's 50% interest in EnLink Midstream Holdings, LP ("Midstream Holdings"), less specific general and administrative costs as a separate public reporting entity, the interest costs associated with the General Partner's debt and taxes attributable to earnings.

3

The amounts included in the calculation of these measures are computed in accordance with generally accepted accounting principles (GAAP) with the exception of maintenance capital expenditures and the adjusted EBITDA of Midstream Holdings. Maintenance capital expenditures are capital expenditures made to replace partially or fully depreciated assets in order to maintain the existing operating capacity of the assets and to extend their useful lives. Adjusted EBITDA of Midstream Holdings is defined as earnings plus depreciation, provisions for income taxes and distribution of equity investment less income on equity investment.

The Partnership and General Partner believe these measures are useful to investors because they may provide users of this financial information with meaningful comparisons between current results and prior-reported results and a meaningful measure of the Partnership's and the General Partner's cash flow after it has satisfied the capital and related requirements of its operations.

Gross operating margin, adjusted EBITDA, distributable cash flow and cash available for distribution as defined above, are not measures of financial performance or liquidity under GAAP. They should not be considered in isolation or as an indicator of the Partnership's and the General Partner's performance. Furthermore, they should not be seen as a substitute for metrics prepared in accordance with GAAP. Reconciliations of these measures to their most directly comparable GAAP measures are included in the following tables.

## Forward Looking Statements

*This press release contains forward-looking statements within the meaning of the federal securities laws. Although these statements reflect the current views, assumptions and expectations of our management, the matters addressed herein involve certain risks and uncertainties that could cause actual activities, performance, outcomes and results to differ materially than those indicated. Such forward-looking statements include, but are not limited to, statements about future financial and operating results, objectives, project timing, expectations and intentions and other statements that are not historical facts. Factors that could result in such differences or otherwise materially affect our financial condition, results of operations and cash flows include, without limitation, (a) the dependence on Devon for a substantial portion of the natural gas that we gather, process and transport, (b) the risk that EnLink Midstream will not be integrated successfully or that such integration will take longer than anticipated, (c) the possibility that expected synergies will not be realized, or will not be realized within the expected timeframe, (d) our lack of asset diversification, (e) our vulnerability to having a significant portion of our operations concentrated in the Barnett Shale, (f) the amount of hydrocarbons transported in our gathering and transmission lines and the level of our processing and fractionation operations, (g) fluctuations in oil, natural gas and NGL prices, (h) construction risks in our major development projects, (i) our ability to consummate future acquisitions, successfully integrate any acquired businesses, realize any cost savings and other synergies from any acquisition, (j) changes in the availability and cost of capital,*

4

*(k) competitive conditions in our industry and their impact on our ability to connect hydrocarbon supplies to our assets, (l) operating hazards, natural disasters, weather-related delays, casualty losses and other matters beyond our control, (m) a failure in our computer systems or a cyber-attack on our systems, and (n) the effects of existing and future laws and governmental regulations, including environmental and climate change requirements and other uncertainties. These and other applicable uncertainties, factors and risks are described more fully in EnLink Midstream Partners, LP's and EnLink Midstream, LLC's filings with the Securities and Exchange Commission, including EnLink Midstream Partners, LP's and EnLink Midstream, LLC's Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K. Neither EnLink Midstream Partners, LP nor EnLink Midstream, LLC assumes any obligation to update these forward-looking statements.*

**EnLink Midstream Partners, LP**  
**Selected Financial Data**  
**(All amounts in millions)**

As a supplement to the financial information included herein for the three months ended September 30, 2014, the Partnership is furnishing the following table, which segregates the results of operations of Midstream Holdings from the Partnership's other operations. The table below reflects the following for the three months ended September 30, 2014:

- the Partnership's results of operations excluding the operations of Midstream Holdings;
- the results of operations of 100% of Midstream Holdings on a stand-alone basis;
- the elimination of the 50% of the net income of Midstream Holdings attributable to the non-controlling interest in Midstream Holdings held by the General Partner; and
- the Partnership's results of operations on a consolidated basis.

ENLC cash available for distribution	\$ 62.2
Distribution declared per ENLC unit	\$ 0.23

Cash distribution declared	\$	37.7
Distribution coverage		1.65 x

- (1) Represents distributions declared by ENLK and to be paid to ENLC on November 13, 2014.
- (2) Represents ENLC's 50% interest in Midstream Holdings' adjusted EBITDA, which is disbursed on a monthly basis to ENLC by Midstream Holdings. Midstream Holdings' adjusted EBITDA is defined as earnings plus depreciation, provision for income taxes and distributions from equity investment less income from equity investment. ENLC's share of Midstream Holdings' adjusted EBITDA is comprised of its 50% share in Midstream Holdings' net income of \$41.7 million plus its 50% share in Midstream Holdings' depreciation of \$17.2 million, taxes of \$0.3 million and distributions from equity investment of \$2.6 million, less its 50% share of income from equity investment of \$2.6 million.
- (3) Represents ENLC's stand-alone current income tax estimate. Based on updated forecasted taxable income estimates for 2014, ENLC's taxable income is expected to exceed its federal net operating loss carryforward during 2014.
- (4) Represents ENLC's interest in Midstream Holdings' maintenance capital expenditures which is netted against the monthly disbursement of Midstream Holdings' adjusted EBITDA per (2) above.
